

# PR #32: Story/tw-128

Date	26 Apr 2024
Author	@xueshuo li
Reviewer	@Dongning Li
PR/ Branch	feat/tw-128-new-test-by-loading-excel-ui
Status	APPROVED
Number of Conversations	5

## Code Changes

### Changes Made:

- implemented the ui for creating a new test by uploading an excel file
- use react-hook-form to manage the form submission

### General Comments

- test config modal has a bug: When click confirm, pop up window wont close automatically

### Specific Comments

File	Line Number	Comment	Following Action
<a href="#">src/tt-frontend/src/components/test-developer/modals/NewTestByUploadModal.tsx</a>	62	<ul style="list-style-type: none"><li>Better align button style with others. Or use CustomButton?</li></ul>	change to reuse CustmButton component to make UI styling more consistent

## Conclusions

 need to reuse existing component to keep the user interface styling consistent
