PR #9: Feature/tw 98 generate alternative key options api

Date	10 Apr 2024		
Author	@Shulei He		
Reviewer	@xueshuo li		
PR/ Branch	Feature/tw 98 generate alternative key options api		
Status	APPROVED		
Number of Conversations	1		

Code Changes

Changes Made:

- Python scripts are implemented to generate alternative keys(based on American and British spelling, plural and singular, and derivations).
- Add a shell script python-req.sh for quickly installing python libraries and virtual environments.
- Add the /tests/generateKeys end point to return a set of generated alternatives.
- Update readme file for the python scripts

General Comments

All good.
